**COLORED MASONS—LETTER FROM GARI-
BALDI.** The following is a letter from Gari-
baldi to Mr. Eugene Chassaignac, Gr. Com.
of the Scotch Masons of Louisiana :

MONSUMMANO, June 21, 1867.

Beloved Brother,—I associate fully, in-
deed, with your manly resolution of ad-
mitting all colored brethren into your
lodges.

“He is the Lord of the cedars of Leban-
on, as well as of the byssop, which grows
best in the deepest recesses of the valleys.”
(Massillon.)

The Grand Architect of the Universe dis-
penses light and air to the lion and to the
lamb, and holds to each in equal measure ;
and he fecundates the seed for the ant as
well as for man. Your Great Republic—
the palladium of the world's freedom—
ought not now to falter in the path of the
emancipation of all races, sanctified as it
has been by so much blood and heroism.

An affectionate and triple embrace to the
brethren from — Yours for life,

G. GARIBALDI, Thirty-third.
